DUNLUCE SOFTBALL 2018

Thank you to everyone that supported the Softball Program in Dunluce again this year. That would include the coaches, parents, tournament volunteers, equipment and registration assistants and, most importantly, the executive of Dunluce Community League. We are so lucky to have a supportive community league. There are many leagues in the City of Edmonton that do not have Softball programs but Dunluce is going strong thanks to the support of so many people.

Special thanks to all of our coaches who are developing young

athletes and keeping them interested in the sport. We have one of the strongest softball programs in the North West Zone Edmonton thanks to our coaches and supportive parents.

- T-ball (U6) #1 – Amanda and David Hansen

- T-Ball (U6) #2 – Brooke Hennig

- Mite (U10) #1 – Jason Lafleur

- Mite (U10) #2 – DJ Hamelin

- Squirt (U12) – D'Arcy Sommer

The Softball Program in Dunluce runs smoothly because of people like:

Rick Bradford for continuing to organize the 3-Pitch Tournament

Rob Melnyk for helping to organize and maintain the softball equipment

Al Chapman for mowing the diamonds that the city keeps forgetting
Maureen Ewart and her 'crew' for running the concession at the tournament

See you all next spring! Loretta Wonitoy, Dunluce Softball Director

Homeowners as Communications Partners

Do you have a home that is along one of the main roads of our community? Or does your back fence face onto a main road? We are looking for homeowners who might be willing to help us communicate with the rest of the community by

allowing advertising to be placed on their property for special events throughout the year. For further information, please contact communications@baturyn.ca to see how we might be able to work together to build our community.

Summer Block Parties

Thanks to all who came and enjoyed the block parties held this summer at the various locations around our community. We hope to host them again next summer but remember you can always arrange your own too. Visit the City of Edmonton website for more information on hosting your own Block Party any time of the year!

Baturyn Ice Rinks

As we approach fall, winter isn't that much farther off! That means planning for any ice rinks this winter is at a critical stage and we are still looking for residents interested in helping make sure there will be ice at our rinks in the upcoming season. Over the last several years, BCL hasn't been able to find any volunteers willing to make and maintain our ice rinks. We have heard from many in the community who feel that ice rinks are important to our community and would like to work towards ice rinks for the 2018/19 season. Our Vice President is actively looking for volunteers to join a Committee to ensure there is a plan in place for coming years. There will be much to discuss, and a business plan must be created. Not only do we require a dedicated team of people, there are also financial considerations. Anyone interested in joining this sub committee, please email vicepresident@baturyn.ca for the next meeting date.

Baturyn Community League Day 2018/2019 Indoor Soccer Registration

Online Registration begins July 15th with EMSA. You will be required to start the registration process by going to the EMSA's website at <https://emsasoccerportal.com> and completing the required registration documents. To complete the registration process, you will also be required to attend one of the registration sessions listed below:

Early Bird Registration (passed): July 21st – 9am to 10am

Regular Registration: August 13th - 6pm to 7:30pm

Attend this date to avoid late registration penalties.

Late Registration: September 6th – 6pm to 7:30pm

IMPORTANT: You must attend an early registration event in person to qualify for the regular registration pricing. A late registration fee of \$25 plus an additional volunteer commitment per registration applies to all registrations processed on September 6th, 2018 or later *even if you have registered online* prior to this date.

All registration sessions will be held at Baturyn Hall, 10505 172 Avenue.

Make all-terrain travel all good

If you're an all-terrain vehicle (ATV) driver, it's hard to resist the allure of exploring backcountry trails during the summer. These tips will help newbies and trail veterans alike navigate the ins and outs of ATV safety.

Age limits

Some exceptions apply, but the minimum age by law for operating off-highway vehicles is 14 years. The AHS recommended age is 16.

Know the risks

When not used safely, ATV risks include

- Scrapes and cuts
- Strains and sprains
- Broken bones
- Dislocated joints
- Bruising
- Concussions and head injuries
- Internal injuries.

Safety tips

- Choose an ATV that's right for your size to reduce a chance of rollover or serious injury.
 - Wear protective equipment such as an approved ATV helmet, eyewear and gloves.
 - Wear pants, long sleeves and boots to prevent cuts and scrapes.
 - Ride during daylight hours, at a safe speed, with other people around.
 - Carry a first-aid kit with each vehicle.
 - Don't drive while or after using alcohol or other drugs.
 - Take a certification course through the Alberta Safety Council.
- Visit myhealth.alberta.ca and search for ATV safety.

If you would like to be included on the Caerny Buck list to work Bingos please contact our Bingo Director Lynne Hellyer through our Facebook page or 780-456-3435.

Back to School Safety

Alberta Health Services EMS would like to remind parents and students about some road safety tips, as streets become more congested, with the return of the school year. Pedestrians and motorists both have an important role to play – road safety is a shared responsibility.

Motorists

- Avoid talking on cell phones, texting, or any other behavior that diverts your attention away from driving;
- Give right-of-way to pedestrians who have activated overhead crossing lights, or who are waiting to cross from a street corner;
- Remember, it is illegal to pass vehicles - other than those that are parked - in school zones or playground zones, during posted hours.

Around School Buses

- Flashing amber lights mean a bus is slowing down to stop – motorists should do likewise;
- No matter which direction you are coming from, STOP, when approaching a school bus with activated flashing red lights – unless the bus is on the opposite side of a divided highway from you
- Driver courtesy goes a long way. By simply being alert and cautious when approaching a school bus, you are contributing to school bus safety.

Pedestrians

- Cross only at marked crosswalks, or street corners that have clear visibility from all directions;
- Make eye contact with all drivers before crossing the street, and keep distractions to a minimum;
- When activating overhead crossing lights, pause before stepping off the curb to ensure motorists in both directions have come to a complete stop;
- Stay within the crosswalk lines until fully clear of the roadway;
- Obey pedestrian lights at intersections. Cross the street only when you see the 'walk' sign and only when all cars have come to a complete stop

Accidental Poisoning

Emergency Medical Services (EMS) would like to remind parents and caregivers of precautions to prevent accidental childhood poisonings around the home. Ingesting prescription or over-the-counter (OTC) medications is a significant cause of accidental childhood poisonings. Other causes of poisoning include ingesting or coming in contact with household items such as dishwasher tablets, mouthwash, or chemicals such as paints, solvents and cleaning products.

Medication storage

- Place all medications in locked containers and store in an area inaccessible to children;
- For easy identification, store all medications in their original packaging; do not mix multiple medications in a single bottle;
- Install child locks on all cabinets, or drawers where medications are stored.

Safety tips

- Child-resistant medication bottles are not child proof. They can still be opened by a child;
- Take extra precaution with medicines designed to appeal to children such as chewable vitamins or flavored cough and cold syrups;
- Promptly dispose of any medications or toxic household products no longer in use.

Prevention

- Store household products, cleaning supplies, and cosmetics in locked cabinets or drawers;
- Install child latches on cabinets children might also access by climbing on counters or chairs;
- Label all plants in and around your home and garden;
- Antifreeze, windshield washer fluid, and pesticides are extremely poisonous. Even small amounts of these can cause serious illness if ingested;
- Poisoning information can be obtained by calling the Poison and Drug Information Service (PADIS) at: 1-800-332-1414;
- **In case of a poisoning emergency, call 9-1-1;**
- Provide the name of the product ingested and, if it is safe to do so, a sample of the substance for EMS to inspect on their arrival.

Play soccer for health, wellness – and fun

Soccer has been dubbed “the world’s sport” for a reason. A recent survey by FIFA, soccer’s international governing body, found it’s a pastime shared by 265 million players around the globe. That’s about four per cent of the world’s population.

This summer many of them will watch the FIFA (Fédération Internationale de Football Association) World Cup in Russia. And they’ll take to streets, parking lots, empty spaces, backyards and beaches to play the game.

One of the great things about soccer is you don’t need to break the bank to play it. “Soccer is inexpensive if you want it to be. It could be as simple as two kids in a park with a ball, having fun, or better still, playing with their parents,” says John Clubb, the Alberta Soccer Association’s manager of Grassroots Development.

For children under six, it’s about gaining the fundamentals of physical literacy: running and kicking. From seven to nine, it’s about ball mastery: foot dribbling the ball while running and weaving through opponents. Most of all, it’s about fun!

Children focus on developing their own skills and that gives them a chance to ex-

plore parts of the game. “So let them be and encourage them to have fun with the ball,” Clubb says. “At 10 to 12 years old, they are old enough to be introduced to team play and passing the ball.”

Whatever your or your children’s age and ability, playing some form of soccer can add to physical, social and emotional health and wellness.

Players can reduce the risk of injury by warming up before playing and by wearing protective equipment, such as shin guards.

Christina Loitz, a health promotion facilitator with Alberta Health Services, says soccer helps brain function, coordination, balance, gross motor skills and stress reduction.

“It can also help children build confidence, social skills, leadership, creativity, and a life-long enjoyment of being physically active,” she says.

Splash safely this summer

Summer and water go together like peanut butter and jam—how can you have one without the other?

Summers in Canada are earmarked for outdoor fun, such as swimming, boating and other water-related activities. As pleasurable as water can be, it has some serious risks. Here’s how you and your family can reduce them.

Pool safety:

Teach your child to swim. Always closely supervise children when they’re in and near water.

Have adequate barriers around backyard pools to keep everyone safe and secure.

Open water safety:

Teach children to swim parallel to shore if caught in a water current.

Never allow children to swim in a lake if an adult is not present; be within arms’ reach

at all times.

Never let small children swim in rivers or other fast-moving water.

Boating safety:

Life jackets are mandatory for all children and adults in Alberta while on a boat.

Blow-up water rafts, mattresses or other devices are not safe replacements for a life jacket.

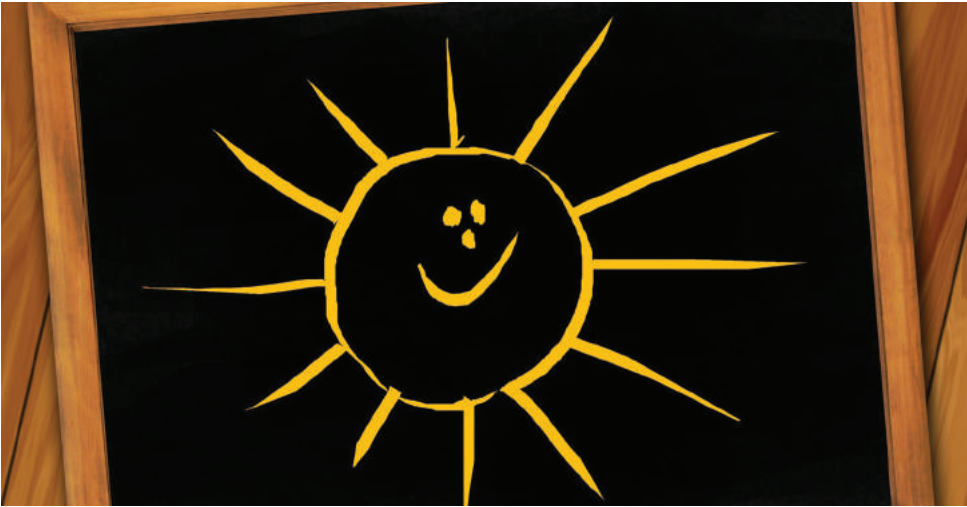

Make sure your life-jackets are the right sizes for you and your children.

Diving safety:

Diving headfirst into the water is not safe for children or adults without proper training and confirming water depths.

Enter backyard pools, lakes and other bodies of water with unknown depths gradually and feet-first.

Here comes the sun (screen)

Ah, the lazy, hazy days of summer. The sun shines brightly—and strongly. When it does, these tips will make your time in the sun safer.

Check the UV index, which measures sun strength. You can be sunburned in as little as 15 minutes. When the UV index is between 3 and 8, everyone, especially kids, needs sunscreen. If it’s above 8, these tips will reduce your risk of sunburn as well as heat rash, heat stroke and, over time, skin cancer.

Safety tips

Cover up: Wear wide-brimmed hats, UV-blocking sunglasses and thin light-coloured clothing

Limit the rays: Take frequent breaks in the

shade or indoors

Apply and re-apply sunscreen: Put it on every two hours (at least). Match the sun protective factor (SPF) to the UV index and your skin’s sensitivity to sunlight. Babies have thin skin and can burn easily. Keep them out of the sun. Use an SPF 30 lip balm on your lips.

Stay hydrated: Bring lots of water with you when spending time outside, and drink often, before you’re thirsty

Car safety: Never leave your child or pet alone in a car. Your car can heat up quickly, even on days that do not seem very warm.

Try to stay out of the sun between 11 a.m. and 3 p.m., when the sun’s rays are strongest and the UV Index is at its highest.

Indoor Soccer Registration

EMSA North indoor soccer registration is now open! Register today for a community recreation team or a Club development team. This is a great sport to keep your athlete active in the long cold winter months. The season runs October – February and players can expect to play 1 game each week with additional practice time provided as well as options to play in tournaments all season long!
