2020 CASTLEDOWNS VARIETY SHOW

CASTLEDOWNS VARIETY SHOW

"An Evening of Adult Comedy"

www.castledowns.ca Box 31075 Nmao Center, Edmonton AB T5Z 3P3 Phone (780) 406-9070

To our wonderful patrons and volunteers:
It is with regret that we inform you that the CDRS board has decided not to put on a show this year. The Variety Show would fall under Phase 3 of the provinces relaunch strategy. As there really is no timeline for when that might take place, and social distancing measures will still be required when it does, it would greatly impede our ability to put together the best show possible for our patrons and volunteers. Plus, we want to do our part to keep everyone safe.

It wasn't an easy decision but one that needed to be made. We appreciate your understanding and look forward to coming back for our 36th year in 2021! Thanks again for your continued support and know that the fall just won't be the same without you!

Dunluce Preschool

In light of current world events and during this global pandemic, we want to let you know that we are still accepting registrations for the 2020/2021 school year. We have spots available in our 3-year-old morning class and 4-year-old afternoon class. We are hopeful that our year will start in September, but will keep you updated as we receive new information. Find out more information and to get registration forms at www.dunlucepreschool.com. A registration fee of \$50 is required and is non-refundable.

Soccer Corner

Due to a shortened and modified soccer season. Lorelei Beaumaris Community has opted to look into a potential summer camp for kids 9 and under. The camp will be focused around sports and physical activity such as soccer, Basketball, track and field etc... The main theme will be to get the kids active and have fun!! We ask that all parents keep an eye on our facebook page as well as website for further detail.

Common Gardening Mistakes

Choosing Plants That are not Suitable to our Climate

I can't stress this enough – Research your plants ahead of time, or at least read the label and check what Zone they are suitable for. Too often have I come across plant species in the big box stores that have little to no chance of surviving our climate. Depending on who you ask, Edmonton is somewhere between Zone 3 and 4. If you're looking to adventure higher than a zone 3 it's important to do your research and prepare to make special accommodations to protect over winter.

Placing plants in an Unsuitable Location

Figuring out what "Full Sun to Partial Shade" or "Part Shade to Full Shade" means can sometimes be tricky. Here are some basic guidelines of sunshine per day:

Full Sun – 6 hours +; Part Sun – 3-6 hours (will tolerate afternoon sun); Part Shade – 3-6 (will not tolerate afternoon sun); Full Shade – 3 hours or less

There are various measuring devices available for purchase that can help you determine the sunlight you receive in any particular area but the cheapest and probably most effective is simple observation. Every 30 minutes of so, go out and check the area you want to measure and take note of how long the sun sticks around. It may take several days or even a week to determine an average.

Improper Watering

For fruit and veggies that may be more vulnerable to powdery mildew and other fungal

diseases it is recommended to water at the base and not overhead onto the leaves. Especially if the weather is cool and cloudy.

The best time of day to water is first thing in the morning. This will allow for maximum absorption with the least amount of stress. During the scorching heat of mid-afternoon, it may be tempting to water your garden but at this time of day, water evaporates quickly, so less chance of it actually soaking into the root zone. Water droplets on leaves under the hot sun can also burn.

A common watering mistake is watering too often and too shallow. Shallow watering is ineffective because not enough water reaches the root zone, most evaporates at the surface. Watering less frequently but deeply (and slowly so the soil has a chance to absorb) is far better.

Overfertilizing

More fertilizer does not equate to better growing plants. Over fertilizing can burn foliage and roots. Because fertilizers contain nitrogen salts (and salt draws out moisture) the effects of fertilizer burn will be noticeable by yellowing/brown leaves and root damage. Plants that suffer from fertilizer burn are also more susceptible to insects and disease. Select the right type of fertilizer for your plants and follow the recommended frequency of application.

Happy Gardening!

President's Message

The Caernarvon Board was pleased to have several applicants for our Post-Secondary Scholarships. It was a difficult decision to pick the winners, and we extend our sincerest thanks to all who applied. The Board would like to congratulate Yulia Shepel and Vianne Rouleau, winners of this year's Scholarships, for their valuable contributions to their communities and their excellent essays. Yulia is an active volunteer with Baturyn Community League, Vianne with Caernarvon Community League. Both are attending the University of Alberta in the Fall, and the Board wishes them

both well in their future endeavours!

We are getting lots of calls about hall rentals. Thank you for making Caernarvon Hall your destination for your event! However, there are many government and AHS regulations that we must follow, and we intend to be strict in our adherence of them. It's going to take us some time to get the required supplies and procedural understanding before we can open. We are currently not accepting rental requests for July – please contact our Hall Rental Manager Lynne at 780-456-3435 for more information about renting the hall in August. As always, stay safe and be kind.

Hall Rentals

If you are looking for a site to host your next big event, give the Caernarvon Community Hall a try! It is wheelchair accessible, and we are one of the only halls in the city that cleans up after your event.

The Hall includes a coat room, raised stage with sound system, full kitchen with brand-

new Commercial gas stove and two ovens, wet bar, glass door refrigerators, plenty of kitchen prep space, choice of round and rectangular tables.

Lorelei and Beaumaris Neighbourhood Renewal

Last month we had an online survey for the Lorelei and Beaumaris street blade signs. Thank you to everyone who filled it out. With an overwhelming response for the one option we are recommending to the City of Edmonton that the option they replace the street blade signs in our communities be the black signs with the border off the edge.

Construction is gearing up to start in the Lorelei area first and there will be a few things to keep in mind. If you have irrigation lines within 2m of your backwalk please contact Jeff Brannenthe Project Superintendent to get it clearly marked for the crews at neighbourhoods@parkpaving.com or 780-435-8338EXT283. You may already be noticing some of the work being done.

It is asked that we all remember to give workers 2m space to assist with keeping everyone safe during this pandemic and to avoid them if all possible.

The Lorelei-Beaumaris Community Facebook group is a great place to keep the conversation with your neighbours going around updates to temporary road closures, and parking changes.
