A little time in the Garden

Where a great many of us are tending to our newly planted garden beds and pampering our outdoor arrangements, our indoor plants are chomping at the bit to get going. Tis the season for exponential growth and for some genus, even breaking through their pots as if they had been fertilized with rocket fuel!! Well, our plants know what's up. It's time to re-pot! Spring and summer are the best times to re-pot, divide or otherwise disturb our houseplants. Our plant friends are nearing their peak active growth period for the year so they are better able to bounce back should they experience any root disturbance during re-potting.

When re-potting, here are some tips to remember:

Don't overshoot – As a general rule, you should go up by 1 or 2 pot sizes each time you re-pot. Depending on the genus and their growth speed, that may differ. You can re-pot throughout the year, spring/summer is just preferable.

Roots – It's probably common knowledge, but worth mentioning; avoid disturbance and damaging of the root. If there are any broken or damaged roots as a result of re-potting, remove damaged pieces. If damage is extensive you can try dipping the ends in cinnamon. Cinnamon helps to prevent rot. Like sulfur, cinnamon is a natural fungicide that helps most plants root, while inhibiting the spores that cause rot. If you notice any root rot while re-potting; remove rotten pieces, spray with hydrogen peroxide and dip in cinnamon.

Water your plant – If you have re-potting planned in advance, keep hydration in mind. A couple days before you plan to re-pot, give

your friend a thorough drink. This reduces the risk of shock.

Soil – This is the ideal time to replenish your soil. If it's been a few seasons since replacing your soil, it may be time to replace altogether.

If it's only been a year or so, you can simply add amendments and nutrients that have been depleted or washed away. The type of soil mix will depend on your plant. My favorite mix is good quality potting soil, some perlite and some fine orchid bark (worm castings are also a great addition). I find that this will satisfy MOST (but not all) plants.

Research your specific plant and it's native growth habitat.

Happy planting!

Caernarvon President's Message

Like everything else around us, Caernarvon Community League is in a "hold tight and wait to see what happens" mode right now. There are some things we know: We will not have a Green Shack this summer, nor will we be hosting any city-run programs. We will not be holding our annual big bin event. We will not be hosting the Variety Show this fall. Then there are the things we don't know ... until there are more details about when, and how, Phase 3 of reopening will occur, we cannot provide any information about hall rentals.

What we do know ... we're figuring out how to navigate the new normal. We are starting to

reimagine how we will operate over the next year, with zero volunteer commitments to help us staff our bingos and casino. We're making efforts to give back to the community, having donated \$1,200 in grocery cards to Caernarvon families in need. We're learning how to define ourselves in the context of how we get through these extraordinary times, rather than dwelling on all we have lost.

To that end, Caernarvon Community League would like to thank all of our frontline workers – emergency services, health care workers, grocery workers, service and delivery workers, and everyone else who risks

2020 Castledowns Variety Show

Box 31075 Namao Center, Edmonton AB T5Z 3P3

Phone (780) 406-9070

To our wonderful patrons and volunteers:

It is with regret that we inform you that the CDRS board has decided not to put on a show this year. The Variety Show would fall under Phase 3 of the provinces relaunch strategy. As there really is no timeline for when that might take place, and social distancing measures will still be required when it does, it would greatly impede our ability to put together the best show possible for our patrons and volunteers.

Plus, we want to do our part to keep every-

one safe. It wasn't an easy decision but one that needed to be made. We appreciate your understanding and look forward to coming back for our 36th year in 2021!

Thanks again for your continued support and know that the fall just won't be the same without you!

Stay Safe

Lynnette - President

Nadine - Chairperson

Castle Downs Variety Show

Dunluce Softball – The Story

By now, you have probably heard that the Edmonton Youth Softball Association has wisely cancelled the 2020 Softball Season. Although this was disappointing news to me as Softball Director and devastating news for the nearly 60 softball players that were registered to play ball in Dunluce this year, I know that everyone realizes that it is for the safety of everyone – parents, players, coaches and fans. I'm sure that there are many adults that are disappointed that we have had to cancel our annual Three Pitch Tournament as well. To the parents of this years softball registrants, by now you should have received your refund, but if you are still waiting, please contact softball@dunlucecl.ca for more information. The unfortunate result of the softball season cancellation is the loss of many valuable volunteers. I hope that when the Covid-19 restraints

have been eased and bingo halls and casinos are reopened that we can count on you to help us out. Our gaming funds are what makes our sports programs affordable for everyone and they are so important to our Community League. In the meantime, please stay safe everyone!

Sincerely,

Loretta Wonitoy, Dunluce Softball Director

their health to ensure we can continue living our lives. We acknowledge the birthdays, weddings, funerals and other life events that have had to be postponed or celebrated in unusual ways. We salute those athletes whose tournaments were cancelled, and our artists and creative communities whose busy summer season and livelihood has been pulled out from under them. And we also stand up and cheer for our 2020 graduates who will not get to celebrate their accomplishments with the pomp and ceremony they deserve. Bravo to you all.

Over the summer, the Caernarvon executive

will be undertaking some smaller improvements to the hall; if we can recruit some community volunteers to help us in a way that adheres to AHS's protocols, we will let you know. We will definitely be putting a call out for volunteers to help with our Casino, whenever that may happen. We believe there will be an indoor soccer season, but we don't know what it will look like yet. Please continue to check our Facebook, website, and community signs for more information. And in the meantime, take care of each other, stay safe, and be kind.

With best wishes from the board of Caernarvon Community League

For more photos of our hall please visit our website at www.lbcl.ca or our Facebook page at <https://www.facebook.com/loreleibeumaris>

Spotlight on Lorelei Beaumaris

At the heart of Beaumaris is Beaumaris Lake. The largest and first storm water lake in Edmonton. Through the years the use of the lake has changed from people taking canoes out on the water in the summer months and skating in the winter to having signs around the lake forbidding the activity. If you have ever wondered about the reasons why; I have the answer for you here.

Beaumaris lake is fed by 5 other storm water lakes in north Edmonton and over the years has become deeper and the underwater movement has increased. The lake was designed to gather rainfall and reduce flooding and erosion.

To keep everyone safe activities such as ca-

noeing and skating on the lake have been prohibited but this has also had the bonus of encouraging an abundance of wildlife in the area. With over 160 species of birds spotted around the lake it is a gem of northside of Edmonton.

Recently many trees have been cut down around the lake in preparation of the Beaumaris Lake Open Spaces Development. This development will consist of removing crumbling infrastructure and replacing it with new safe and visitor friendly infrastructure that still fits the vibe we currently love about the area. We are happy to see the work done before many of the birds had come back to build their nests for the year.
