President's Message

Thank you to all who came out to our Annual General Meeting and first Soccer Registration on February 12. We said goodbye to Amanda Evans who has stepped down from the board – thank you for your service to the community. We are thrilled to welcome Sid Sadik to the position of Program Director and a special thank you goes out to D'Arcy Sommer for stepping up to the position of Casino Director. A grateful thank you as well to those board members who chose to stay on for another term. Caernarvon Community League has a truly excellent executive, and it

is a real pleasure working together on community events and programs.

As we move into spring, I'm happy to report that there is a lot going on at Caernarvon Hall... we are continuing to register kids for soccer and are looking forward to the outdoor soccer season. There is a Spring (aka winter) Green Shack in the park starting at the end of February, and we will be holding an Easter breakfast and egg hunt in April. We are looking for volunteers to work our Casino in May – see the notice on this page for more details. We look forward to having you join us!

Spring Green Shack

Get active this spring and learn games, crafts, outdoor cooking and so much more! Caernarvon is pleased to host a city-run, free drop-in Spring Green Shack three days per week at the Caernarvon Playground. We look forward to

seeing you February 29-March 27, on Tuesdays & Thursdays 3:30-6:00pm, and Saturdays 1:00-5:00pm. Programming is targeted for children aged 6-12, but all children accompanied by an adult are welcome to attend.

Skating Rinks are Open

Finding it difficult to motivate yourself and your family to get out and exercise during our Edmonton winters? Caernarvon Community League can help you with that! Our rinks are open almost every day: Monday,

Wednesday, Thursday and Friday from 5pm-9pm; Saturday and Sunday 12noon-5pm. We are closed Tuesdays, and during periods of extreme cold (-20 degrees with wind chill) or warmer than +5.

CAERNARVON COMMUNITY LEAGUE POST-SECONDARY SCHOLARSHIPS

The purpose of the Caernarvon Community League Post-Secondary Scholarships is to recognize well-rounded individuals of any age who are active in their communities. The selection committee is looking for that person who is not necessarily the star of the sports team but shows up for every game and tries his/her best.

Caernarvon Community League invites applications for two (2) Awards of \$500.00 each. These scholarships are for use at any accredited Canadian university, college or post-secondary program. All monies will be paid directly to the institution. Candidates MUST:

tion for the 2020-2021 academic year;

b) Be a member of an Edmonton community league; and

c) Submit a written essay of 1000 words describing why they believe Community Leagues are important to the well-being of the community. The essay should demonstrate the candidate's positive attitude, good communication skills, and describe their involvement in their community (involvement may include volunteering, arts, and/or sports related activities).

Please forward your essay with full contact information to president@caernarvon.ca no later than May 1, 2020.

Volunteer Opportunity – Caernarvon Casino

Caernarvon Community League needs your help to fill volunteer spots at our Casino on May 6-7.

You can earn Caerny Bucks worth \$100

for every shift, good towards any recreation or arts program or even hall rental! Contact casino@caernarvon.ca to volunteer your time.

City wins coveted Smart 50 Award for AI software

Smart Cities Connect honoured the City of Edmonton with a global Smart 50 Award in the category of digital transformation for their innovative Artificial Intelligence (AI) solution for safety codes inspections.

The City created advanced AI software to predict whether home builders will pass low-risk inspections. This software enables the City to automatically pass inspections for builders with good track records. This new process will allow valuable staff resources to focus on more complicated inspections that pose a higher risk to public safety and shortens timelines for builders.

"I truly believe the next frontier for governments is how we can use data and AI to make better evidence-based decisions," says Mayor Don Iveson. "To know that we're leading the way in this rapidly-evolving field while making things easier for businesses is very encouraging."

Edmonton is a demonstrated leader in using innovation to improve municipal services and is the first city in Canada to use AI in a risk based predictive model to make Safety Codes inspections more efficient.

Builders and contractors will continue to be responsible for ensuring their work is done safely, correctly and up to code. Safety Codes Inspectors will continue to support homeowners' safety by confirming the work aligns with current applicable code requirements.

Smart 50 Awards, in partnership with Smart Cities Connect, Smart Cities Connect Foundation and US Ignite, recognize global smart cities projects representing innovative projects with current or future municipal-scale impact and application.

311 hours are changing

The hours for the City of Edmonton's 311 service are being reduced from 24 to 12 hours a day starting February 2, 2020. The new hours are from 7 a.m. to 7 p.m., seven days a week (closed statutory holidays). Support for essential public safety and urgent bylaw calls will continue to be available after hours.

Examples of these calls include downed trees, sinkholes, animal attacks, parking in an emergency lane, etc. People who call in will be prompted to call a dedicated number for after hours inquiries.

311 has received over 20 million inquiries since 2009 and answers roughly 5,000 calls a day. 311 is an easy to remember phone number that citizens can call to inquire about many different City programs and services, from what time their garbage pickup is to how to register for swimming lessons.

The changes to 311 hours are part of Council's effort to deal with reduced revenues and to keep citizen's tax increases down. There will be no targeted layoffs as a result of these changes. Savings will be realized through natural attrition and through scheduling effi-

ciencies. The compressed schedule will result in a slight increase to wait times.

Residents can access information on city programs and services using edmonton.ca and report concerns using the Edmonton 311 App.

Ask Charles

I saw a house for sale and I want to check it out—will I have to sign a contract to get a real estate professional to show me the house?

The short answer is no. If you see a house for sale and you simply want a real estate professional to show you that house, you're not required to sign a contract.

Simply viewing a home with a real estate professional doesn't trigger a regulatory requirement to sign a contract with that real estate professional. However, if you start sharing confidential information such as your motivation for buying a property or your financial qualification, the real estate professional has a responsibility to clarify your working relationship, at which point they are going to provide you with some documents to review.

In the process of clarifying your working relationship, the first document a real estate professional should present to you is the Consumer Relationships Guide. The Consumer Relationships Guide is a mandatory document for real estate professionals when they begin working with a buyer or seller of residential real estate. It explains the different types of working relationships between real estate professionals and consumers.

The Consumer Relationships Guide is not a contract. It does not commit you to a specific

ongoing working relationship with your real estate professional, but it is an essential information piece for consumers to understand what working with a licensed real estate professional entails. Among other things, it discusses responsibilities and obligations.

The Consumer Relationships Guide contains an acknowledgement that consumers have to sign to indicate they've read the guide, understand it, and have been provided with an opportunity to ask the real estate professional questions about it. Consumers need to review and sign the guide before entering into any contract with a real estate professional.

Some real estate professionals may actually present the Consumer Relationships Guide and request that you sign the acknowledgement even before showing you a single property, but that specific practice is not a requirement.

"Ask Charles" is a question and answer column by Charles Stevenson, Registrar with the Real Estate Council of Alberta (RECA). RECA is the independent, non-government agency responsible for the regulation of Alberta's real estate industry. We license, govern, and set the standards of practice for all real estate, mortgage brokerage, and real estate appraisal professionals in Alberta. To submit a question, email askcharles@reca.ca.

What's New?

We have had a busy year in Lorelei-Beaumaris and owe a big thanks to the countless hours put in by our volunteers. Thank you to all of the 2019-2020 Board of Directors for all the work you put in over the year. Many of you are signing on for another year of excitement but a few are moving on and we are sad to see you go. Thank you Ghaida, Jen O and Muna for the years of service to our community.

Over the last year we have worked to create a strong healthy community ready for

change and full of wonderful young leaders. As we head into the year we will be looking at Lorelei beginning Neighbourhood Renewal and preparing for Beaumaris to follow right behind. Plans for the Beaumaris Lake Rehabilitation should start to be seen and we will see discussion around our aging playground.

A great team requires great people. We have a few new board members joining us for the new year. Thank you for stepping up to fill these roles and for helping continue the passion that makes our community grow.

Eat healthy for your heart

Heart disease is a leading cause of death in Canada. Roughly 2.4 million Canadians are affected by heart disease.

If you are worried about your heart's health, one of the most important changes you can do is to start eating a heart-healthy diet. Small steps can create big, healthy changes.

Here are a few tips that may help make your heart healthier:

Eat a variety of fruit and vegetable servings every day. Dark green, deep orange, or yellow fruits and vegetables are especially nutritious. Examples include spinach, carrots, peaches, and berries.

Eat a variety of grain products every day. Include whole-grain foods that have lots of fibre and nutrients. Examples of whole grains include oats, whole grain bread, and brown rice.

Eat fish at least two times each week. Oily fish, which contain omega-3 fatty acids, are best for your heart. These fish include salmon, mackerel, lake trout, herring, and sardines.

Stay at a healthy weight if you can. Your healthcare provider can give you more information on how to manage your weight.

Eat foods low in saturated fat, trans fat, and cholesterol.
