Smiles All Round as Strathearn Community Hall Officially Opens

The brand spanking new Strathearn Community Hall has been open for a month now and it has been received very well indeed.

The grand opening pancake breakfast in early May was well attended by the community members, with young and old tucking into the treats whilst admiring the spacious main hall. Jason Ruhl, member of the Strathearn building society, greeted everyone and noted that the old hall could have fit entirely into the main room of the new hall alone! That's quite the increase in size and potential!

Marlin Schmidt, MLA, officially opened

the hall with a ribbon cutting ceremony flanked by Strathearn Building Society's Marshall McAlister and Jason Ruhl as well as former local MLA, David Dorward.

Since the kick off, the hall has been used for all sorts of activities from AGMs to Artwalk fundraisers to the newly restarted 'stay and play' every Friday morning. And there's more to come, both public and private, from birthdays to weddings and more throughout the coming months!

If you'd like to book the hall for your family get together or kids birthday bash then visit strathearncl.org to check availability, prices and to send in your request!

And there's more! Watch this space as a new deck has been generously donated to the league by the building contractor Southwark, so the fun times can move from inside to outside in the very near future!

Ribbon Cutting Ceremony. From L-R: Marshall McAlister, Marlin Schmidt MLA, Jason Ruhl, David Dorward officially open the New Hall.

Volunteers: From L-R: Volunteers Keith Jenson, Jenny McAlister, Marshall McAlister & Karley Malloy serve up some refreshing beverages.

Stovetop: Local band Stovetop provided toe tapping Indie at the Artwalk Fundraiser.

Seniors Tea THANK YOU

On Friday, May 11 we had our first Seniors Tea in the newly renovated Gold Bar Community Hall. It was a cheerful event featuring music by the Gold Bar Elementary School choir and recorder ensemble, and dancing by the Blue Norther Dancers. The program was lovely! Imperial Oil donated the tasty food; Andy Verhagen of Re/Max, and All Care Pharmacy (5016 106 Ave) made kind donations, too. Thank you to all of the volunteers who helped make this event a success, and to those who took time to attend and make our efforts worthwhile.

Your Bus Routes Are Changing

Our city is growing and changing, which means Edmonton's bus routes need to change too. In 2020, the ETS bus network will look completely different. This transformation will introduce new kinds of routes that will help you move across the city more quickly and efficiently.

Routes will be grouped into four types including: frequent bus routes, rapid bus routes, crosstown routes and local routes. Each of these routes will be straighter with less overlap between them. Inner areas of the city will see an increase of service throughout the day while outer suburban areas will see more service during rush hour for commuters. Check out the routes maps at www.edmonton.ca/newbusroutes.

In order for the City to provide faster or more frequent service, some people may need to walk up to 10 minutes to get to a bus stop. The City recognizes this is not possible for some residents, so a study is underway to see how other cities manage this situation to ensure most everyone can get to where they are going.

Your feedback will help ensure the proposed bus network meets your needs. You can fill out an online survey or attend a public engagement drop-in workshop. The next sessions in your area are:

SEEECCC

SEEECCC or Southeast Edmonton Early Childhood Community Coalition is a volunteer group of community members who are passionate and committed to nurturing young children in the community.

As these long, bright summer days naturally draw us outside, did you know that active play can help children build a healthy brain and a healthy body? You can help, every day! Walk with children, especially outdoors. Teach them to roll, throw, catch, and kick a ball. With or without music, dance with them! Snack on healthy fruits and vegetables and drink lots of water, so you all have energy for more.

For more ideas, consider Purposeful Play

with Me, June 14, 10 am – 11:30 am, Primrose Place Family Centre, 6311 92 Ave W, (780) 469-0663, a drop-in program, for parents, caregivers, and children up to 6 years old. Interested in research on physical literacy and children? Go to <https://activeforlife.com>

Making the Grade

For years when people travelled on 50th Street, often the first thought was "How long will I have to wait for that train today?" Delays on this busy transportation corridor are infamous. Traffic tie-ups are costly in time, additional fuel costs, idling fumes, as well as driver frustration. Now, after years of discussion with the Provincial and Federal Governments there finally is good news. Funding is now committed through the National Trade Corridors Fund to improve movement on the 50 Street route. the City has earmarked funds to move the work along. North of the Sherwood Park Freeway will be a grade separation of the road and the rail

crossing. To support and enhance active, alternative transportation new sidewalks and multi-use paths will be installed. The street will be widened to six lanes between 76 Ave. and 90 Ave. to lessen congestion.

More details about the project will be given at a Public Information Session, June 26 at King's University, 9125-50 St., between 5:00-8:00 pm. Go to 50 Street Widening page on the City website for a map of the project.

If you have questions about any City issue, please feel free to contact me at ben.henderson@edmonton.ca or 780-496-8146, or follow me on Twitter @ben_hen

Save Gold Bar Park Alliance

In April 2018, a group of concerned residents and park-users – Save Gold Bar Park Alliance – began working together to raise awareness of EPCOR's rezoning application of parkland in Gold Bar Park. EPCOR's application involves rezoning a portion of Gold Bar Park to expand its current boundaries, build a 170-220 vehicle parking lot with an elevated walkway to a new operations facility, and move non-processing buildings into an area that is currently densely-forested parkland.

The community group Save Gold Bar Park Alliance, held an open house on May 4 to give residents and park-users the opportunity to share ideas, and to gain support for preserving parkland. General feedback from attendees included:

--Great concern over the loss of protected parkland

--Most opposed the rezoning application and the development of the 170+ vehicle parking lot

--Implications of the eventual loss of a visual barrier between the plant and surrounding park and residences

--Apprehension regarding future increases in traffic, odour and noise due to expanded plant operations.

Save Gold Bar Park Alliance will continue to engage members of the community and hold more open house meetings. More information is available on Facebook, at "Save Gold Bar Park Alliance," or by contacting GoldBarParkAlliance@gmail.com.

Cloverdale Cleans Up

On April 29, 2018 the Cloverdale community came out in force for some heavy-duty spring-cleaning in Cloverdale, Gallagher Park and the Edmonton Ski Club (ESC).

Over 71 adults and children gathered for a hearty pancake breakfast and then spread out over Gallagher Park, the ESC and adjacent streets and lanes on Cloverdale to collect debris uncovered by the retreating snow. We collected at least one bicycle frame, lots of scrap lumber and countless coffee cups and litter left behind by sleds and skiers.

The River Valley Clean-up was held in conjunction with Cloverdale's first ever Big Bin Event. At least 51 households delivered household waste, yard debris and electronics to our collection site. Approximately 3.2 tonnes of waste was collected and the electronics bin was filled to about 90% capacity.

The Cloverdale Community Garden Club crew made short work of cleaning the garden site and preparing for another spring and summer of green-thumb creativity.

Cloverdale Community League Youth Concession

We are looking for Cloverdale youth, ages 10-16 to plan, work, and run the Cloverdale Concession during the Edmonton Folk Fest (August 9 to 12, 2018), as a Junior Achievement Program.

This is a great experience for youth in the community to meet other youth and to gain valuable work experience.

For those who had to be turned away, there are Big Bin Events most weekends until September at locations around the city. Go to edmonton.ca and search Big Bin Events.

Thanks to all our volunteers and to Legends Automotive for loaning the space again.

Perk alerts

Members of Forest Terrace Heights community league get a lot of benefits. Our latest perk is free membership in the Edmonton Tool Library. This allows you to borrow up to eight items per year from a large inventory of hand, power and yard tools for a week at a time.

To claim your membership, visit the tool library location at the Bellevue Community Hall (7308 112 Avenue NW) and bring photo identification and your community league membership card.

Once a month, we randomly select a winner from all community-league members to receive a free bouquet of fresh flowers from Grower Direct, our neighbourhood florist at 7231 101 Ave.

Show your card at Real Deals, the home decor store at 7115 101 Ave, and receive 10-per-cent off!

Second Sunday at Second Cup: Our monthly community coffee date is on hiatus for now. Thanks to those who have supported it for the past year.

Your membership also gets you a free swim at Hardisty Pool every Sunday from 1:15 to 2:45 p.m., and every Saturday from 5 to 7 p.m.

at Commonwealth Fitness Centre. At Commonwealth, you can also use the gym. The city's outdoor pools will have free admission again this summer, until September.

Members get a discount on rental of our community hall, now with a new sound system. It's a perfect location for children's birthday parties, family reunions, fundraisers, meetings, exercise classes and more. A four-hour rental is \$110 for non-members and \$80 for members. A full day is \$230 for non-members and \$180 for members. For more information or to book, visit forestterrace.org.

Paws-itive Mental Health

Pets help us feel more connected, relaxed

Pets can be the purr-fect therapist, offering nonjudgmental, unconditional love and support.

"Pet therapy visits are for many patients, an unexpected and happy event," says Glen Gross, 63, an Alberta Health Services (AHS) volunteer who visits the Royal Alexandra Hospital with his best friend, Border Collie, Misha. "It is our chance to help patients temporarily put aside their worries."

At AHS, there are 295 registered volunteers who join us with their furry companions through various pet therapy and pet visitation programs across the province. These unique volunteers offer a welcome distraction to those in care by providing an opportunity of friendly and comforting social interaction.

Studies have shown that petting an animal can promote relaxation by lowering blood pressure and slowing the heart rate – in any setting, whether in a hospital environment, or in the comfort of your home.

Gold Bar Spring Fling THANK YOU

On Saturday, May 12 we had our first big party in the newly renovated Gold Bar Community Hall. Big weekend! The hall was filled to capacity with community members enjoying an entertaining magic show, and demos by the Blue Norther Dancers, which included instructions in a complicated line dance (and they DJ'd the music!). A big thank you to the Gold Bar Community executive members who did all of the organizing, and thanks to the people who attended. And thanks to Andy Verhagen of Re/Max, and All Care Pharmacy (5016 106 Ave) for their kind donations, too.

Spray Parks are open!

All of the City of Edmonton spray parks have been made operational for the summer season and operate from 9am-9pm daily until September 28. Any concerns, call 311

Community Games Nights

Last one before the summer: Friday, June 29 from 7-10. This would be a fun way to celebrate the end of school and kick off the summer. Light refreshments, and games provided, but feel free to bring your own. Please accompany your children if they're younger than 12.

A New Playground!

Students of Gold Bar Elementary School and children from the greater community are enjoying the new playground in Gold Bar's schoolyard.

It's a wonderful addition to the area!

Funds to cover the cost of the playground came from a variety of sources. Thank you to all of the family members and friends of students, and staff of Gold Bar School who made an enormous difference when they volunteered at the winter 2017 casino. We are also thankful to the Government of Alberta for their generous grant through the Community Facility Enhancement Program. And thanks to Imperial Oil for contributing to the quality of life in our community.

Watch the next South East Voice for information about our Welcome Back Celebration on September 13th, which will include the Playground's Grand Opening.

Connect Bonnie Doon/Bonnie Doon Mall

An application has been submitted to rezone the Bonnie Doon Centre shopping mall site, and the nearby property at 8715 85 Street and 8420 85 Street. The proposed upzoning would allow for a high-density, mixed-use, transit-oriented development. This would consist of up to 6,000 residential units along with up to 93,000 m² of retail, office, and commercial space. The proposed development would create a number of districts on the site, including a commercial district, a garden district, a health and wellness district, a retail and entertainment district along with a pedestrian focused boutique district including a unique central park in the heart of the site. Parking for the development will be primarily underground, and new streets throughout the site would provide bicycle lanes and pedestrian priority to the Bonnie Doon LRT stop.

The city held a public open house on Wednesday, May 16, 2018. Many people from the communities surrounding Bonnie Doon

Mall attended the event. There was a substantial amount of information provided for guests and attendees were encouraged to provide feedback. Additionally, Morguard Developments continued to seek public feedback by re-opening their "Inspiration Center" located inside Bonnie Doon Mall on the weekend following the open house. Information from the May 16th open house is available online at <https://connectbonniedoon.com>

The Holyrood Development Committee is a subcommittee of the Holyrood Community League. We ask that community members wishing to continue to support us purchase a 2018/2019 Holyrood Community League membership. Your membership not only helps to support the league, but provides you with access to community programs and events!

Holyrood Volunteers

We are still looking for a couple of directors to join our board! Our board meets monthly, with 3-5 hour/week of work outside of board meetings. We offer orientation for new board members and a supportive environment of mentorship. All board members are part of a team that sets the vision for the league. At our 10 monthly board meetings and annual planning session, we are all involved in discussing matters of policy, finance, programs, personnel and advocacy. Visit www.holyroodcommunity.org for detailed descriptions.

Program Director: oversees the league's regular programs including Play School, Playgroup and Green Shack. Organizes new programs to meet community interest. We've run the following programs recently: Learn to Paint, Babysitting, Brewing Probiotic Beverages, Playgroup and Playschool

Social Director: manages the social activities of the league, including dances, parties, barbecues and special events. They also chair the league's Social Committee, which plans a social calendar, organizes events, recruits volunteers. Email president@holyroodcommunity.org if any of these positions interest you.

HDC Updates

Holyrood Gardens

The Holyrood Gardens redevelopment proposal was reviewed by the Edmonton Design Committee on May 1, 2018. The committee provided a letter of non-support with a number of general concerns including; errors in the numerical calculations within the review package and discrepancies between some of the DC2 text and the graphics. They were concerned that the revised proposal appeared to be aimed at providing density rather than creating a sense of place or addressing the character of Holyrood. They also felt the revised proposal was a literal interpretation of the COE's guidelines (e.g. angular plane guideline) without exploring a more creative and integrated built form that fit with the existing neighborhood. To see all of EDC's comments, visit Edmonton.ca and search "Edmonton Design Committee May 1 2018 minutes".

Regency Developments presented the revised proposal to the community at a public open house on May 2. HDC printed and delivered flyers to homes in Holyrood and Strathearn, to encourage community members to attend the open house to provide their feedback. HDC attended the open house and had many conversations with the community. The week following the Holyrood Gardens open house, Regency Developments chose to revise and submit a different version of the proposal for city planning's review. This revised proposal is tentatively scheduled for Public Hearing on July 9. HDC will continue to try to keep the lines of communication open with Regency Developments and we hope to have discussions with city planning and Regency surrounding this newly revised version of the proposal. The HDC would like to see any revised proposal be reviewed by EDC and be presented to community for their feedback.

9412 - 9430 83 Street

The rezoning application for 9412, 9418, 9424 and 9430 83 Street went to Public Hearing on Monday, May 7. Bylaw 18389 was unanimously approved by council. No one

signed up to speak in opposition of the redevelopment. HDC would like to thank the developer; Stuart Reid of Infinity Capital Developments, who worked together with HDC to understand issues and resolve concerns.

Infinity has also entered into a "Good Neighbour Agreement" with the Holyrood Community League. A Good Neighbour Agreement sets out the expectations the developer agrees to comply with during construction, including adherence to City bylaws. These agreements identify community concerns, establish how issues will be dealt with, and who should be contacted if there are issues. The agreement also states that the developer will communicate timelines, major milestones and in the future, sit down with HDC to have discussions surrounding landscaping and ways to integrate new residents into the community.

8302 95 Avenue

Prior to a pre-application notice being sent to neighboring property owners, HDC and representatives from St. Luke's Church sat down to discuss a rezoning application for 8302 95 Avenue with Urbis Developments and their consultants, Pario Plan. Urbis Developments, a local company owned and operated by Edmonton architect Rick Ardnt, distributed a thorough and informative notification letter with their intentions to rezone the land from RA3 to DC2 (Site Specific Direct Control). The DC2 will be based off of the RA7 zone with some minor changes. The proposal will take into account the city's Transit Oriented Guidelines and the Medium Scale Residential Infill Overlay.

The proposed redevelopment would be a 4-story building with townhomes that face 95 Avenue on the lower level. It would encompass 12 units and provide above ground parking. Urbis and Pario Plan are requesting feedback from the HDC and have provided us an information package with the details of the proposal. See the HDC's website for more information and further details about this redevelopment.

Holyrood Bench Project

Holyrood's crop of boulevard benches keeps growing! The Holyrood Bench Project was the brainchild of Kimberly Buelher, executive director at South East Edmonton Seniors Association, and it promotes walkability by providing spots for walkers to rest, chat and enjoy the outdoors. Age Friendly Edmonton provided funding in 2017, SEESA woodworkers constructed the benches, and Holyrood residents adopted and decorated them. The community creativity is really on display here - our latest bench has gone up on 83 Street!

The benches have seeded outside our community as well, inviting passers-by to rest in Rimbey, Pigeon Lake, and Saskatchewan! Kim was also invited to speak at Knottwell Community League this year, as part of their Crime Prevention and Neighbourhood Watch Speaker Series.

SEESA has had quite a few extra orders since the project started, and they're selling additional benches for \$100! If you are interested in growing your own bench, please contact kimberly@seesa.ca.

Strathearn Stories: Camel Humps Park Preserve

By Diana Tirlea & Jillian Richardson

Strathearn is a dynamic neighbourhood to live in. There are many changes happening right now, including the opening of our new community hall, future community garden, and coming LRT line. But what about the changes our neighbourhood has experienced in the past? In this article, we will dive into some of the history and nature of Camel Humps, the treed nature preserve bordering the north perimeter of Strathearn Park along Strathearn Drive.

Just over a hundred years ago, the site was used for brick making—first by a company called Pressed Brick Ltd. (1907-1911), and then by the Hardstone Brick Company (1912-1915). The owners of Hardstone Brick noticed that the location was perfect for making sand-lime bricks, which were stronger than regular clay bricks. They drew sand from pits directly on their site, and fired the bricks in kilns, powered by coal mined near the riverbanks.

Hardstone Brick was, at the time, a very modern operation. They installed new equipment on the site, and claimed to be the first company in Canada to use a German brick-making process called the “Magdeburg” process. Unlike some of their competitors, including the Anderson brick company just east of Mill Creek, Hardstone even had electricity, automatic machines, and could operate year round—not simply in the summer months.

They advertised production rates of 30,000 bricks in a ten-hour day, and offered several varieties in a range of colours. By December of 1915, however, the company had stopped production and was liquidating its assets. Hardstone Bricks was only in business for three years.

For many decades after, you could still see traces of where the sand was mined in and around Camel Humps, and carted over to the brickworks. Perhaps you can still see them today? In 1986, Camel Humps was designated a nature preserve, based on its use by groups for nature interpretation programming and as an environmentally sensitive area.

Today, Camel Humps is a preserve with a mature stand of trees, mostly deciduous Trembling Aspen and Balsam Poplar trees. In early spring, you can see fuzzy clusters of flowers

on these trees before the leaf buds pop open; these are the showy catkins produced in spring by willow-related plants, including poplar trees and pussy willows.

To identify these common trees, you can feel the leaf stalks, called “petioles,” between your fingers. If the petiole is flattened and the leaves are round and somewhat heart-shaped, you have Trembling Aspen. Balsam Poplar leaves are more robust, shiny, oval-shaped, and have more rounded petioles.

If you descend the stairs into the preserve, you will see an understory made up of mostly red-stemmed Red-OSier Dogwood, Willows, Prickly Rose, creeping Sweet-Clover and Field Horsetail. The wood of Red-OSier Dogwood is a valuable food source for many deer species, and small mammals like the common city-dweller, the White-Tailed Prairie Hare (aka Jack Rabbit).

Hares are often larger, have longer hind legs and ears than rabbits do, and the baby hares (leverets) are born with their eyes open, furred, are mobile, and live aboveground—compared to the helpless kittens of rabbits. You will often see leverets alone, which is normal, as the female hare is rarely near them.

Camel Humps is also home to numerous birds. Many birds have calls and songs, which sound different, and are a way to communicate with one another. This includes the friendly Black-Capped Chickadee, with their signature “chickadee-dee-dee” call. To warn other chickadees in the area of a threat, like an approaching predator, they end this call with more “dees” or they make a high-pitched “see” or “see-see-seet” call. Their song sounds like “feeeeee-bee” or “cheesssse-burger.”

In spring, they are busy building their nests in small cavities of trees and laying 5-10 eggs. In a period of about a month, the chicks will have hatched, grown flight feathers, and fledged (leaving the nest). Chickadees’ primary food source is insects, so they help to reduce and maintain insect populations, including the loathed mosquito.

Next time you’re hiking through Camel Humps, watch for the traces of the old brickworks, or of the many species of plants and animals that are our neighbours!
